

Marking Midpoints, Bisectors, and Perpendicular Bisectors

PART 2

- Draw and label the part of picture that the given refers to.
- Mark both pictures with the given.
- Write the parts that are made congruent from what is given.

1. Given: $\overline{XM} \perp \overline{YZ}$.

2. Given: \overline{RM} is the perpendicular bisector of \overline{TU} .

3. Given: N is the midpoint of \overline{AB} .

4. Given: $\overline{AC} \perp \overline{BD}$.

5. Given: \overline{SV} is the bisector of $\angle TVR$.

6. Given: \overline{DB} bisects $\angle EBF$.

7. Given: \overline{PR} is the perpendicular bisector of \overline{QS} .

8. Given: \overline{KM} bisects $\angle JML$.
